

It's fast and easy
for your child to receive health care services through the Montefiore School-Based Health Center!

Dear Parent or Guardian:

We are happy to inform you that your child's school has a School Based Health Center (SBHC)! The SBHC is run by Montefiore Medical Center and is part of the Montefiore Medical Group. The SBHC is staffed by Montefiore Medical Center licensed professionals. This can include medical, mental health and dental providers.

Your child can use the School-Based Health Center and continue to see your other doctors. Signing this consent does not change your insurance, does not change your primary doctor, and does not affect the number of times your child can see their primary doctor.

At the School Based Health Center, your child can receive the services listed below at **no cost** to you, regardless of insurance status. The SBHC is allowed to bill insurance, but there are **no co-pays for you**, and **you should not receive a bill**.

School Based Health Center services include:

- Complete physical examinations
- Medications and prescriptions
- Medical laboratory tests
- Immunizations / vaccines
- Medical care, including treatment for new and chronic conditions
- Age appropriate reproductive health care
- Health Education and Counseling
- Mental Health Counseling and services
- Screening for vision, hearing, asthma, obesity, and other medical conditions
- After hours on-call providers
- Dental services at some schools

To register your child for the services at our School Based Health Center, please:

1. Complete the attached **Consent form, Basic Health History and Insurance form**.
2. Attach the following documents
 - A copy of your child's insurance card(s) (front and back)
 - A copy of your child's immunization record

Be sure to sign the Parental Consent form in two places.

Take the completed forms to the Main Office at your child's school or directly to the School Based Health Center. The School Based Health Center is open every school day between the hours of 8:00 am – 3:30 pm.

We look forward to meeting you and we look forward to providing health services to your child. Feel free to visit us at the School Based Health Center for more information, or to call us with questions.

Sincerely,

Dear Parent/Guardian: Your child's health is important to us. Each year we conduct a Brief Health Assessment on every child enrolled in the Montefiore School-Based Health Center to understand his or her health care needs. This includes checking height, weight, and blood pressure. We also review the vaccine record. This does not replace the full physical exam that children should get every year with their usual health care provider. Please include the name of your child's health care provider so we may work together in your child's care.

If your child does not have a health care provider, we can do the full physical exam at the school health center. Insurance is not required. We are part of Montefiore Medical Center, and use the same medical record as the Montefiore Health System. This means we can communicate directly with Montefiore doctors through your child's medical record. We will always inform you if your child is ill and needs to leave school or seek urgent care.
